

Minsi Trails Council Scouts Complete The Dale Carnegie Course® Thanks to a Generous Benefactor

October 2022: The Minsi Trails Council Life and Eagle Scouts completed a Dale Carnegie program designed to develop their skills in the areas of Leadership, Communication, Confidence Building, People Skills and Stress and Attitude Control. The 'Life Skills' taught in this program will propel the scouts as they balance school, work, and relationships as they step into their futures.

The generous benefactor was motivated both by the impact this program had on his own son years ago, along with the desire to honor his longtime friend Sam Iorio who led the Dale Carnegie Lehigh Valley franchise for over 30 years. He recognized the advantage these "life skills" provided his son and wanted to give the same opportunity to Eagle Scouts and "soon to be" Eagle Scouts.

The Dale Carnegie Course improved both their human relations skills and their leadership skills. During the 10 interactive sessions, the scouts set goals, worked in teams, delivered presentations, and encouraged each other to expand their comfort zones. At the completion of the program, they became better problem-solvers, persuasive communicators, and focused leaders. What's more, they now have a take-charge attitude that will help them face the pressures of today and the future.

"The skills I learned during the program made my transition to college so much smoother." – Eagle Scout

About Dale Carnegie: Dale Carnegie emphasizes practical principles and processes by designing training programs that offer people the knowledge, skills, and practices they need to make meaningful contributions in the places that matter most. Connecting proven solutions with real-world challenges, Dale Carnegie helps people discover the unsuspected strengths they have to improve their lives personally and professionally. For more than a century, the company has helped millions of individuals tap into capabilities they did not know they had and achieve results they did not imagine were possible.
