

Cub Scout

Go and See Guide

for

Packs, Dens & Families

Oh the Adventures You Can See...

This guide is intended to be used by Pack Leaders and Cub Scout Families in Minsi Trails Council. We want to inspire all Cub Scouters to use this guide to enhance their yearly cub scout program.

The Go and See Guide identifies places Cub Scouters and their families can go see while providing matching Adventures or Electives for each rank. Each page contains the destination information that you will need, along with the adventures or electives for each rank that coincide with that destination. The index in the back is also cross referenced so you can see all of the available adventures or electives under a specific rank and the corresponding destination page.

This is a *LIVING* document and will be consistently updated as necessary. If you know of a place that would be great to add to this guide we would love to add it! Or if you find that information is incorrect, fill out the Change Request Form at the back of this guide and send it via email to michaelphilipp9193@gmail.com.
