Minsi Trails Council provides character education and leadership development to local youth in a fun and interactive environment. Scouting leads to positive outcomes such as success in school, higher graduation rates, increased participation in sports and extracurricular activities, and higher self-confidence. With Covid-19, Scouting made a quick pivot to online programming to keep youth and families engaged. Contributions from individuals and organizations make up over half of the annual operating dollars necessary to run a quality program for our local youth. Please help us continue to provide this valuable programming.
