**SCOUTING IS ABOUT
FUN, TEAMWORK
AND ADVENTURE.**

In 2009, Queen Elizabeth II appointed world-renowned explorer **Bear Grylls**, **Britain's Chief Scout**. The youngest person ever appointed to that position.

Sea Scouts, BSA

Sea Scouts is a co-ed **Scouts, BSA** program, for individuals, ages 14 – 20 years old, promoting better citizenship and improved boating skills through instruction and practice in water safety, boating skills, outdoor adventures, service experiences and knowledge of maritime heritage. Scouts can participate in **Sea Scouts**, **BSA** and **Scouts, BSA** programs simultaneously.

Sea Scout units called **Ships** (which are structured similar to **Scouts BSA Troops**) are established all across the country at oceans, bays, rivers, and lakes. **Sea Scout Ships** use a variety of watercraft from small outboard motorboats to paddlecrafts (including canoes, kayaks, rafts) to large sailing yachts and vessels.
